After-School Enrichment Classes

After-school activities and organizations are needed to enrich student life on campus. They are vital to producing well-rounded students and provide a unique service to the school.

Current LBCS enrichment programs include Drama, Lego League, Girl Scouts, Nature Bowl, and sports in conjunction with the Franklin school. In the works are Scrabble, Chess, and possibly fencing programs! Classes can range from academic, athletic, and performance groups to community interest and media organizations.

LBCS welcomes new opportunities for enriching our children's lives. If you have an idea for a new program and are willing to organize and run it, we'd love to hear from you. Simple guidelines have been drafted to help you along the way. If you have a special skill or talent, why not impart that knowledge to the students? Knitting, woodworking, frisbee, kickball, crafting, Tai Chi, yoga, public speaking, geocaching, foreign languages, origami, electronics, sciences...just about anything! So please, think about it over break, then make the commitment to enhance the academic experiences of our students.

Please contact Tina Beck (my3beckboys@gmail.com) for more information, guidelines and an application. Thank you!
