- II. Dress code policy: There has been improvement since the memo went out reminding parents of the policy.
- III. Update from Cindy and Tammy: The language arts curriculum has arrived. There will be a training seminar on the 18th for the teachers. We are the first Harcourt pilot in California. The Rotary club is planting the rest of our plants. There are 18 benches that need to be installed. We will be putting together a work day for parents on the weekend to install the benches, clean the classrooms and weed the premises.
- IV. Enrollment: There has been a FAQ list that will be posted on the website. It is still being determined how students will be accepted into the school. There are currently 32 siblings that will be starting kindergarten next year. We will be taking the enrollment off the agenda until we know more.
- V. School celebration/events calendar: There will be an around the world celebration performance in December in the night. More details to come.
- VI. Student Contract: Discussion was started regarding the procedure to take place if the need to dismiss a students arises from the student's contract is not being fulfilled: i.e. discipline, attendance issues, parent volunteer hours. Mrs. Uptain might bring in a third party.
- VII. Round Table: At the next meeting we will keep the updates to a minimum. Cindy can update all of us in the weekly LBCS newsletter. She would like the alliance committee to give some thought about some new agenda items that we can be productive on.
- VIII. The next meeting will be on December, 10th at 4:00.
