

# LBCS Annual Geo Bee

It's a great big world—

Let's get to know it a little bit better.

Our 4th-8th graders will be participating in the National Geographic Geography Bee again this year.

Classroom competitions will take place the week of January 13th

The schoolwide competition between classroom winners will take place on Monday, January 27th

## **Ideas for helping your child study:**

- Review countries and their capitols
- Study major bodies of water—  
oceans & seas, longest rivers
- Highest mountains &  
lowest points on every continent

Get an atlas at the library  
(or better yet, get one for your home)
